HOUSE OF REPRESENTATIVES
WASHINGTON, D.C. 20515

September 20, 2013

United States Senate
Washington, D.C. 20515

Dear Senators:

The Republicans in the House have stood up for the health and well-being of the American people and sent a clear message to President Obama: Obamacare is destroying jobs, reducing full-time jobs to part-time jobs, ending health insurance policies that people want to keep, and forcing doctors that patients loved to leave the practice of medicine.

Obamacare is causing insurance rates and healthcare costs to skyrocket. Real people are being told they will not get the procedures or medical devices they need. Doctors and patients need to make these life-and-death decisions, not Obamacare bureaucrats, especially when the consequences could be fatal.

The House has voted 41 times to defund, delay and repeal this flawed law, and we have successfully repealed seven hurtful, abusive and wasteful Obamacare programs. Today we passed a continuing resolution to ensure that no more taxpayer dollars are wasted on Obamacare.

Now, it is up to the Republicans and like-minded Democrats in the Senate to continue the charge to defend the American people from this disaster to their health and finances. We urge you to use all of the legislative tools at your disposal, including the filibuster, to protect America from this train wreck.

Now is the time for the Senate to stand up for all those constituents who spoke so passionately at our town hall meetings about the irreparable harm Obamacare is causing. They did not want it passed; it is worse than they thought; so now they want it stopped.

We urge you to stand with us.

Sincerely,

Congressman Louie Gohmert (TX-1)

Congressman Ted Poe (TX-2)
