February 15, 2017

Representative Sam Johnson  
US House of Representatives  
Washington, DC 20515

Dear Congressman Johnson,

On behalf of the POW/MIA families, please accept our heartfelt gratitude for once again stepping forward to help achieve the fullest possible accounting for Americans still missing from our nation's past wars and conflicts. It is especially meaningful coming from you, as it is your fellow Vietnam War returned POW Senator John McCain, due to the unique service and sacrifices you both have made and continue to make for our nation.

The resolution you're introducing today signals America's determination to stand with those who serve – past, present and future – including if captured or missing – and to exhaust all honorable and reasonable efforts to bring them home to their families, their fellow veterans, and to the country they served.

We join you in calling on the Defense POW/MIA Accounting Agency and other elements of the Department of Defense and the Federal Government to intensify efforts, together with all foreign governments, to investigate, recover, identify and account as fully as possible for all missing and unaccounted-for US personnel.

It is our hope and prayer that our country will continue to demonstrate to the world that we, as Americans, don't give up and will seek answers on our missing until the fullest possible accounting is achieved.

Respectfully,

Ann Mills-Griffiths  
Chairman & CEO
